# ABOUT THE COMPANY

Ayameleng Security (Pty) Ltd has been in existence since 2015. We are a level 1B BEE contributor and have served a wide range of clients from industrial, commercial and government. We offer well trained security officers with a professional outlook and approach to work. Clients that are doing business with us benefit from a broad and diversified experience of our personnel, and our network of contacts in the law enforcement community.

## VISION

Security services is not the same for every customer; therefore the company does not offer a generic, pre-packaged service. Ayameleng Security works closely with the client to ensure the best service that fits their needs. Standard operating procedures are developed and implemented so the security officers may understand the security needs for the client.

## MISSION

To provide a high standard of security service that fully satisfies the needs and aspirations of our clients.

To deliver a safe, welcoming and secure environment for our clients and their staff. And to maintain a good relationship with our clients and retain our proven image within the industry.

# SERVICE OFFERINGS

## Unarmed Security

Have you thought about security services for your establishment or business?

Our unarmed security officers are ready to protect your premises or area of work. We provide unarmed security guard services to address client security concerns, no matter the type of business or facility.

With extensive experience and a seasoned management team, Ayameleng Security has the operational expertise and resources to properly secure any client needs. Whether industrial facility, educational facilities, commercial sites or any other institution, Ayameleng Security can provide the security services you deserve.

### Why unarmed security guards?

As a full-time security company, Ayameleng Security can provide a variety of security guards. While some clients may prefer armed guards, many security issues are easily addressed by using unarmed security services. These services include:

- Visible deterrence
- Incident de-escalation and reporting
- Routine patrol
- Access control

## Residential Community Security

Residential communities – everything from apartment complexes to assisted living facilities to gated communities face constant risks like trespassing, theft and violence. To protect your residential community, our security guards will perform a variety of services, including:

- Visible deterrence
- Incident de-escalation and reporting
- Foot patrol
- Visitor and access control

During our site survey of your residential community, we will identify potential security weaknesses and advice you on the best pre-emptive course of action. Our trained and professional security guards will enhance safety and security and give you peace of mind. Whatever your residential security needs, Ayameleng Security will deliver world class security for your home, complex or neighbourhood.

# Commercial and Office Security

With so many people constantly coming and going, commercial office sites are prime targets for theft, vandalism and disturbances. After hours, the security risk to personnel and property only increases.

To protect your site, our security guards can perform a variety of commercial and office security services including:

- Visible deterrence
- Incident de-escalation and reporting
- Foot patrol
- Access control
- Vendor verification
- Hazard reporting

During our site survey of your commercial or office space, we will identify any potential security weaknesses and advise you on the best pre-emptive course of action.

## Retail and Shopping Centre Security

Retail and shopping centre security is at the forefront of national conversation. Besides theft, employee safety is paramount as retail locations face unprecedented risks. To protect your retail site or shopping centre, our security guards will perform a variety of services, including:

- Incident de-escalation and reporting
- Foot patrol
- Access control

During our site survey of your site or shopping centre, we will identify any

## Retail and Shopping Centre Security

potential security weaknesses and advise you on the best pre-emptive course of action. Our trained and professional security guards will enhance safety, security and give you peace of mind.

## Event Security

Ayameleng Security offers event security services when you need comprehensive security solutions for special events. No matter the size, Ayameleng Security will customise our event security solutions to meet your needs. Our team will work with you to provide the type of service you need with the quality you deserve.

**How does event security work?**  
Event security services provide highly trained and experienced security officers to oversee your event and ensure the protection of the employees, attendees and property. An event security guard is focused on maintaining a peaceful environment so that everyone in attendance has a good time.

**Primary duties of an event security guard:**

- Security screening
- Access control
- Parking and access
- Incident response
- Customer service

## Educational Facilities Security

Educational facilities - everything from elementary schools all the way through to colleges and universities are prime targets for those who would do harm vulnerable persons and they must be protected.

To protect your people and your site, our security guards will perform a variety of services, including:

- Visible deterrence
- Foot patrol
- Access control
- Visitor and vendor verification
- Hazard reporting
- Incident coordination and reporting

During our site survey of your school or educational facility, we will identify potential security weaknesses and advise you on the best pre-emptive course of action. Our trained and professional security guards will enhance safety and security and give you peace of mind. Whatever your education site security needs, Ayameleng Security will deliver world class security for your facility.

## Construction Site Security

With so many people constantly coming and going, construction sites are prime targets for theft and vandalism. Additionally, fire risk is high on construction sites, making fire watching security an important function on the project. To protect your construction site, our security guards can perform a variety of services, including:

- Visible deterrence
- Foot patrol
- Access control
- Vendor verification
- Fire watch
- Hazard reporting
- Incident reporting

During our construction site survey, we will identify any potential security weaknesses and advise you on the best pre-emptive course of action. Our trained and professional security guards will enhance safety and security and give you peace of mind.
